

Janeway Lifestyle Program

Traveling Consultation Service

**For all healthcare professionals –
physicians, physiotherapists, dietitians,
nurses, psychologists, social workers,
occupational therapists**

Are you a healthcare professional
treating children at risk of developing a
chronic disease?

Do you have patients who would benefit
from a multidisciplinary team
assessment?

The Lifestyle team works with families
whose children have been identified as
having risk factors for the development of
chronic disease. These may include:

- cholesterol problems
- high blood pressure
- polycystic ovarian syndrome
- liver disease
- high blood sugars
- weight concerns

Who are we?

We are a team of healthcare professionals who have specialized training in chronic disease prevention. The team includes:

- Pediatric Endocrinologist
- Dietitian
- Psychologists
- Social Worker
- Therapeutic Recreation Specialist
- Physiotherapist
- Research Analyst

What do we offer in our traveling consultation service?

- A multidisciplinary assessment of the referred children
- Written summary and feedback to the families and referring healthcare professional
- Follow up consultation , including telehealth as appropriate
- Specific resources to help in the on-going care of referred children

We provide the most current information on healthy living for children and families.

How do I refer a child for consultation?

- Complete the consultation referral form.
- A consultation referral form can be obtained by contacting 777-4387 or via e-mail at lifestyle.program@easternhealth.ca
