Boom Truck Lift at Entrance of Health Sciences Centre

October 7, 2020 – St. John’s, NL: Eastern Health advises the public that there will be a boom truck on-site this evening (October 7, 2020) at 5:00 p.m. in the area between the main entrance and emergency entrance of the Health Sciences Centre.

The truck will be lifting materials onto the roof in relation to on-going construction. The area will be cordoned off to prevent any unauthorized access of pedestrians and/or vehicles for the duration of the lift, which is expected to take approximately 1.5 hours. Access to both the main entrance and the emergency entrance will continue to be available at all times. A portion of the drop-off lane in front of the main entrance will be impeded. The public should use caution in the area and follow the direction given by security personnel.

Eastern Health thanks the public and employees for their cooperation and apologizes for any inconvenience this may cause.
