PUBLIC SERVICE ANNOUNCEMENT

Eastern Health Offering School Immunization Appointments

July 10, 2020 – St. John's, NL: Eastern Health advises that its Public Health Department is contacting parents or guardians of all grade 4, 6 and 9 students requiring immunizations to offer appointments until August 21st.

Immunization clinics are currently being set up in schools across the metro region, and protective measures, including enhanced cleaning measures, will be in place at all sites. Upon entry, individuals will be screened for COVID-19 through a series of questions and will be provided with a face mask to wear while at the clinic. Clients are asked to arrive on time for appointments and to practice physical distancing.

Parents or guardians who have questions, or are concerned that they may have missed a call for an appointment, are advised to contact their local public health office. A listing of public health offices is available on the Eastern Health web site at www.easternhealth.ca/PublicHealthLocations.
